BRIEF ABSTRACT OF LETTER.

Q Adverting to Govt no. R 4193-5/S&A 394-06-99 dtd 17/3/09 requesting to be informed if the permanent monthly travelling allowance drawn by Messrs D'Cruz & H.T. Hankin, Executive Engineer & Asst Engineer, Improvement Dn, should cease from the date of the order ~~to be~~

NOTES AND ORDERS.

1. Mr D'Cruz is an Executive Engineer and his jurisdiction extends to the Mysore City & suburbs. He appears therefore to come under Officers of the 1st Class for purposes of the G.O. of 17/3/09. His jurisdiction cannot be considered

nde. The principle noted by the Financial Secretary on page 15 of the notes in the collection put up appears to apply to this Officer and the allowance drawn by him therefore cease.

2 As regards Mr Marker it is noted that he is a Sub Dn Officer (100-10-200) getting at present Rs 160. His jurisdiction is the same as that of Mr D'Cruz. The GO of the 13th March 09 makes an exception in the case of Sub ~~Dn Officers~~ Asst Engineers and the allowance of higher Engineer Officers is abolished. Sub Asst Engineers of the 1st class get Rs 150/- a month, whereas this Officer gets Rs 160 and the maximum of the grade is Rs 200. But his allowance is Rs 35/-. It is a point for orders if this Officer is to be considered to hold a higher rank than those of Sub Asst Engineers and if so whether he comes under the

4. Mr D'Cruz is an Executive Engineer of the P.W.D. and his services have been lent to the Trust Board. At present his jurisdiction extends to the City of Mysore and its suburbs. The G.O. of 17-3-09 may therefore be considered as applicable to him.

5. Mr. A. F. Marker is not an officer of the P.W.D. He is an employee of the Trust Board. G.O. No. 8364-6/Rel 202-06 dt. 14-3-05 states that he was appointed as a Sub-Division officer. His corresponding grade in the P.W.D. may be considered to be that of a Sub-Assistant Engineer or a Supervisor. It is learnt that it is

Under contemplation to take over Marker to the P.W.D. as a Sub Assistant Engineer treating the excess of his pay over Rs 150/- as an allowance. If ~~the~~ the grade of ~~Mr. Marker's appointment was that of an~~ Ass^t Engineer he would not be appointed as a ~~Sub Assistant Engineer~~. He may therefore be regarded as a Sub Assistant Engineer and the allowance of Rs 35/- continued to him.

Para 6 26/4 In the cities of Mysore and Bangalore, the Vice Presidents, the Health officers and the Municipal Engineers are all given some allowance on account of the large extent of moving about they have in connection with their duties - The case of the Executive Engineer and of the Sub Divisional Officer, attached to the Trust Board, is not in any way different from that of the officers mentioned above and it seems therefore that the allowances which they have been enjoying may be continued.

	24. Mr. D'Cruz's substantive appointment is that of a third Class Asst Engineer on Rs 300 but while on deputation under the Trust Bd he is given the Pay of an Executive Engineer i.e. pay of Rs 500. Surely an Executive Engineer on Rs 500 cannot plead inability to maintain a Conveyance required for the performance of his work. Mr. D'Cruz's work lies entirely within the City of Mysore & the higher rate of pay given to him by the Trust Bd is avowedly in view of his duties which involve frequent moving about for purposes of inspection. A claim for Conveyance allowance in addition to the enhanced rate of pay is untenable.

To,

Mysore.

Sir,

I have the honour to report as follows with reference to the Financial Secretary's No.8152/S&a-394-08-2 dated the 28th June 1909 forwarded with your No.244 without date.

(1) The list submitted to Government by the Comptroller has not been sent, so that it is not understood under what category I fall.

(2) Para 2 referred by the Financial Secretary does not apply to me for the following reasons:-

(a) I have an enormous amount of travelling to do daily averaging at least 20 miles to inspect my works which are scattered all over the Town.

(b) I maintain for this purpose a pony to ride and drive and a cycle, and even these being --- insufficient, I have to frequently hire a ---- carriage to do my work of inspection.

(c) The works in progress being almost entirely of cement concrete, demand immediate and daily ---

daily supervision as errors cannot be rectified without absolute destruction, removal and replace--ment involving loss to Government not to speak of delay in works and public inconvenience.

(d) So that daily inspection and consequent travelling, frequently on Sundays also, are absolutely ------ necessary in the interests of work.

(e) It is a matter well known, that I am daily nearly 6 hours on my cycle and then have to use my trap frequently to complete my inspection.

(f) Owing to the constant tiring nature of the travell--ing I have to do, I have long had it in my mind to apply for a run-about inexpensive motor car and I take this opportunity to urge my petition for a small Piccalo car costing about Rs.1500/-. I am willing to pay back the cost with my present perma--rent allowance of Rs.60/-, 30 towards cost, and 30 towards up-keep. I take all risks and shall look after and drive the car myself. I do believe it is necessary in the interests of work, as after all I am only a man, and human energy is limited.

(g) In case of P.W.D. officers employed in works at -- particular places, they are usually Resident ---- Engineers on works and may have no travelling to do when the area of the work is small nor have they necessity for maintaining means of locomotion for inspection of their works; but in my case the works in the whole town demand daily travelling and the maintenance of the means to do so, as otherwise the work would be ruined as there are miles and miles of drains to inspect apart from other works.

3. I may mention in this connection that I do not get any local allowance as in the case of Vice-Presidents of -- Municipalities and other officers.

I have etc.,
